Parent Cue Free Resources

6-Weeks Free of www.MrPhil.tv

Phil Vischer, the creator of VeggieTales, is a friend of our church. He recently launched **Mr. Phil TV** - a family streaming service that has ALL his kids Bible-teaching and faith-building content, all on one place. That means, it has...

- The entire *What's in the Bible?* library - for the first time searchable by topics, stories and questions.
- *The Mr. Phil Show* - where kids get to meet famous people whose faith changed the world.
- The Bible Nuts - really fun songs about the Bible. Sung by nuts.
- And Faithblox - my family Bible studies that dive into kid-friendly books of the Bible like Philippians and 1 John. (And make great family devotions/family Bible study or "quarantine" church alternatives.)

We highly recommend all of these resources!! Phil has a unique ability to share biblical truth in understandable and enjoyable ways. That means your kids will LOVE it and LEARN from it at the same time. [CLICK HERE](#) for a short preview.

Phil is offering everyone two free weeks to check it out, after which it's \$4.99/. BUT, since Phil loves us, he is giving us **an extra month free** to help us all get through the quarantine.

All you have to do is go to www.MrPhil.tv and register for an account. When you get to the checkout page, type the code "**COMPASSKIDS**" into the discount box before hitting the button.

Spyence Mission X Action & Adventure Family Devotionals

Spyence Mission X features Bible videos that kids love. It grabs their attention through an exciting plot, just like a Disney-channel show grabs kids' attention. But unlike a Disney show, Spyence Mission X opens the door for a conversation about spiritual matters. It's a connection point that helps you pass on your love for Jesus to your kids. Check out this 60-sec trailer [CLICK HERE](#).

We have purchased a church subscription for your family. So, if you would like something fun and exciting to do together during the middle of the week, that is spiritually forming, then this is for you. Your mission, should you choose to accept it, is to...

- 1) Watch a short Spyence-review video with your kids
- 2) Discuss 3 mission-related questions with them
- 3) Help them decode a top-secret codeword

Week 1's mission does not have a password, but the rest of the missions you will need (I'm whispering now) the super-secret password "**sharkrat**" to view them. Now go on a mission!
